

Go, Go Gorilla!

When Gorilla's feeling good,
When he feels his best,
He says his sound: **g g g**,
And proudly beats his chest!

g g g g g

He says that Gecko, Goat and Goose
Can join in with him too!
Anyone can join the fun
And that's including you!

Beat your chest
like a gorilla.

g g g g g

Gorilla thinks you're really great,
With all that you've achieved to date
Show the world that you're the best,
By beating your gorilla chest!

g g g g g

Octopus Tom's Orange

Tom is an octopus,
So obviously really great
At drawing or at painting
Anything he'd choose to draw or paint.

But Tom wants to draw an orange.
How to do it? He's not sure.
What shape is an orange?
Which shape should he draw?

An orange is a circle!
That's the shape, I'm sure!
Show Tom in the air,
The shape that he should draw

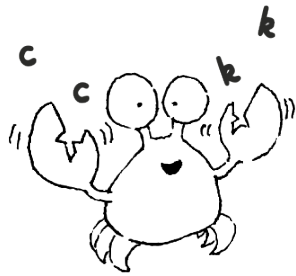

Draw a circle in the
air with your
finger.

Crab's Claws

Crab cannot eat cookies;
They crumble in his claws.
He cannot fly a kite
Because he always cuts the cord.

But Crab can clip your hedges
Like no other clipper can.
His skills of cutting out
Are quite renowned across the land.

Make crab claws
with your hands.

C C C C C C C

Crab's claws go C C C

As they clip and trim,
Let's make that sound and clip away
With crab claws just like him!

Kicking k

Crab begins with curly c
That's the one to use,
But there's a second kicking k
Reserved for kangaroos

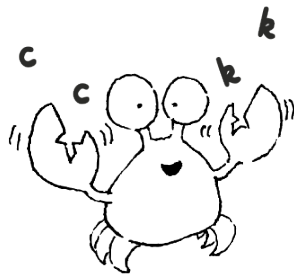

k k k k k k k

Curly c is curly
While kicking kicks around,
But curly c and kicking k
Both share the clipping sound!

k k k k k k k

You can find our special new
K-k-kicking friend
In any word that ends in k,
Kicking's on the end!

k k k k k k k

Make crab claws
with your hands.
